PROFILE

Results-oriented **Data Analyst** and aspiring **Data Engineer** with a strong foundation in statistical analysis, data architecture, and business intelligence. Proficient in **Python, SQL, and Power BI** to extract, transform, and visualize complex datasets that drive data-driven decisions. Adept at bridging the gap between raw data and actionable business insight through rigorous analytical methodology and continuous technical development.

EDUCATION

VIT-AP University, Amaravati	2024 – 2029
Integrated M.Tech – Computer Science & Engineering (in collaboration with Virtusa)	CGPA: 7.55 / 10
Relevant Coursework: Advanced Programming, Data Structures & Algorithms, Database Management Systems, Software Engineering	
SR Junior College — Intermediate (Class XII, MPC)	2022 – 2024 • 94.8%
DAV Public School — Secondary School (Class X)	81.17%

TECHNICAL SKILLS

Programming Languages: Python, SQL
Data Analysis: Pandas, NumPy, Data Cleansing, Statistical Analysis, Data Transformation
Visualization & BI: Power BI, Tableau, Matplotlib, Advanced Excel Dashboards
Databases: MySQL, Relational Database Design
Cloud Infrastructure: AWS Cloud Foundations, Oracle Cloud Infrastructure (OCI)
Development Tools: Git, GitHub, HTML, CSS
Soft Skills: Strategic Problem Solving, Cross-Functional Communication, Attention to Detail, Analytical Thinking

PROJECTS

- **Sales Data Analysis Dashboard**
Engineered robust Python data pipelines to clean, transform, and aggregate extensive sales datasets, ensuring high data integrity. Architected and deployed interactive Power BI dashboards enabling real-time monitoring of critical KPIs and market trends, delivering actionable insights that supported strategic planning and revenue optimization.
Tech Stack: Python, Pandas, Power BI, SQL
- **Customer Data Analytics**
Spearheaded comprehensive exploratory data analysis (EDA) using advanced SQL querying and Python statistical libraries to uncover latent consumer-behavior patterns. Developed custom metrics and KPIs to quantify user engagement, segment target demographics, and predict customer churn, synthesizing findings into executive summaries and visual reports.
Tech Stack: SQL, Python, Pandas, Matplotlib
- **GenAI-Powered Data Analytics – Job Simulation** Forage • Jun 2026
Completed a virtual job simulation performing exploratory data analysis and risk profiling on a real-world lending dataset, built an AI model to predict customer delinquency, and delivered data storytelling to design and implement an AI-driven collections strategy.
Tech Stack: Python, Pandas, GenAI, Data Storytelling
- **Data Cleansing & Validation Pipeline**
Formulated and executed systematic data-cleansing workflows resolving missing values and rectifying anomalies across disparate datasets. Implemented rigorous validation and transformation protocols and designed standardized, scalable reporting templates that served as the foundation for downstream predictive modeling and enterprise-level visualizations.
Tech Stack: Python, ETL, Data Quality

EXPERIENCE & LEADERSHIP

- **Campus Ambassador** — SmartED Jun 2026
Represented the institution and promoted SmartED’s initiatives through structured campus outreach; recognized for exceptional leadership, enthusiasm, and building valuable connections across the campus community.

CERTIFICATIONS

- Google Analytics Certification — Google, May 2026 (ID 183723043, valid to 2027)

- Google AI Essentials — *Google*
- GenAI-Powered Data Analytics, Job Simulation — *Forage*, Jun 2026
- Introduction to AWS — *AWS Training & Certification*, May 2026
- AWS Cloud Practitioner (CLF-C02) – Domain 1 Review — *AWS*, May 2026
- AWS Data Engineer – Associate (DEA-C01) – Exam Prep — *AWS*, May 2026
- Exploring SAP Analytics Cloud — *SAP Learning*, Jun 2026
- Becoming an SAP Data Architect — *SAP Learning*, Jun 2026
- Oracle Cloud Infrastructure (OCI) Foundations Associate — *Oracle*
- AWS Cloud Foundations — *AWS*
- Responsive Web Design — *freeCodeCamp*

ACHIEVEMENTS

- Earned **11+ professional certifications** spanning Data Analytics, Cloud (AWS & Oracle), and SAP.
- Achieved **94.8%** in Class XII (Intermediate) and **81.17%** in Class X.
- Designed and deployed a live personal portfolio — saatwik-1157.github.io.
- Recognized as **Campus Ambassador** for outstanding service and leadership (SmartED, 2026).
