EDUCATION

VIT-AP University, Amaravati	2024 – 2029
Integrated M.Tech – Computer Science & Engineering (in collaboration with Virtusa)	CGPA: 7.55 / 10
Courses: Advanced Programming, Data Structures & Algorithms, Database Management Systems, Software Engineering	
SR Junior College — Intermediate (Class XII, MPC)	2022 – 2024 • 94.8%
DAV Public School — Secondary School (Class X)	81.17%

TECHNICAL SKILLS

Languages: Python, SQL
Data Analysis: Pandas, NumPy, Data Cleansing, Statistical Analysis, Data Transformation
Visualization & BI: Power BI, Tableau, Matplotlib, Advanced Excel Dashboards
Databases: MySQL, Relational Database Design
Cloud & Tools: AWS Cloud Foundations, Oracle Cloud Infrastructure (OCI), Git, GitHub, HTML, CSS
Soft Skills: Strategic Problem Solving, Communication, Attention to Detail, Analytical Thinking

PROJECTS

- **Sales Data Analysis Dashboard**
Engineered Python data pipelines to clean, transform, and aggregate extensive sales datasets, then architected interactive Power BI dashboards for real-time KPI and market-trend monitoring — delivering insights that directly supported strategic planning and revenue optimization.
Tech Stack: Python, Pandas, Power BI, SQL
- **Customer Data Analytics**
Performed comprehensive exploratory data analysis (EDA) using advanced SQL and Python statistical libraries to uncover consumer-behavior patterns; developed custom KPIs to quantify engagement, segment demographics, and predict customer churn; synthesized results into executive summaries and visual reports.
Tech Stack: SQL, Python, Pandas, Matplotlib
- **GenAI-Powered Data Analytics – Job Simulation** Forage • Jun 2026
Completed exploratory data analysis and risk profiling on a real-world lending dataset, built an AI model to predict customer delinquency, and delivered data storytelling to design an AI-driven collections strategy.
Tech Stack: Python, Pandas, GenAI, Data Storytelling
- **Data Cleansing & Validation Pipeline**
Formulated systematic data-cleansing workflows resolving missing values and anomalies across disparate datasets; implemented rigorous validation and transformation protocols and designed standardized, scalable reporting templates as a foundation for downstream predictive modeling.
Tech Stack: Python, ETL, Data Quality

EXPERIENCE & LEADERSHIP

- **Campus Ambassador** — SmartED Jun 2026
Represented the institution and promoted SmartED’s initiatives through campus outreach; recognized for leadership, enthusiasm, and building valuable connections across the community.

CERTIFICATIONS

- **Google:** Google Analytics Certification (ID 183723043), Google AI Essentials
- **AWS Training & Certification:** Introduction to AWS, Cloud Practitioner (CLF-C02) Domain 1, Data Engineer – Associate (DEA-C01) Exam Prep
- **SAP Learning:** Exploring SAP Analytics Cloud, Becoming an SAP Data Architect
- **Oracle:** OCI Foundations Associate • **freeCodeCamp:** Responsive Web Design

ACHIEVEMENTS

- Earned **11+ professional certifications** across Data Analytics, Cloud (AWS & Oracle), and SAP.
- Scored **94.8%** in Class XII (Intermediate) and **81.17%** in Class X.
- Designed and deployed a live personal portfolio — saatwik-1157.github.io.
